ABOUT THIS PROPERTY

Step Inside With Me! Debuting Glasshouse, a 2026 newly constructed modern marvel where relaxed island living meets iconic arrival experience is defined by discretion and immense curb appeal. The bold interiors unfold through bespoke Brazilian marble counters, an expansive eat-in island, a concealed pantry, and Gaggenau appliances. Oak flooring throughout the suite reveals a stunning Viola marble bath, an Italkraft grand dressing room, and a sunset terrace. A chic glass-enclosed staircase ascends to the rooftop terrace with panoramic 360-degree views. Envisioned by Kobi Karp and built by Cetera.
