ABOUT THIS PROPERTY

Custom-built 4BR/2.5BA home on a lot just over an acre in a desirable Redland area of Homestead. One-owner property with updated countertops and backsplash, and renovated bathrooms with a spa-style primary suite. Multiple living areas and outdoor space is designed for everyday use and entertaining with a newly built heated pool and spa, large patio, and covered areas with a pergola overhang. Offers space, privacy, and flexibility with fewer restrictions, while still within easy reach of Miami, the Redland area is a great transition from city living to more space and privacy without feeling disconnected. The layout and lot size allow for a variety of structures. Properties in this part of the Redland are known for their larger parcels and more flexible use compared to other areas of Miami.
