ABOUT THIS PROPERTY

Some homes are renovated. This one was curated. In 2023, the owners personally flew to Europe and handpicked the best residential kitchens in the world, paired with Italian Quartz countertops and premium appliances. The living areas flow seamlessly into the outdoors. Every bathroom is finished in imported Italian stone. The pocket doors are Italian craftsmanship. Impact windows create panoramic views from multiple angles. The result is a residence that competes with new construction luxury at a fraction of the cost. Features include a pool area, billiard room, and the island's iconic 1-mile waterfront walking path.
