## ABOUT THIS PROPERTY

---

A rare ground-floor 4-bedroom, 3-bath residence at Island House, a well-established oceanfront building on Key Biscayne. As one of the largest residences in the building, this unique apartment offers an unusually spacious layout with a generous living area. It offers the ease that makes ground-floor living so desirable: step outside and you are just moments from the pool, with lush gardens, the apartment has a calm green outlook and a sunny, open feel while remaining part of a professionally managed building. Moments to the beach to start the day by the ocean. The layout includes spacious living and dining areas, a kitchen with modern appliances, and a bathroom renovated a year ago. For buyers who value nature, space, convenience, ground-floor access, and everyday livability in an oceanfront setting, this is a rare opportunity.
