ABOUT THIS PROPERTY

Rare opportunity to acquire an oversized 15,900 SF lot in the highly desirable Coral Terrace/West Miami area, just north of the new redevelopment, this property presents exceptional potential for developers, investors, builders, or end-users seeking a large parcel offers ample space for a custom estate, significant expansion, or future redevelopment. The property currently serves as multi-generational living, or occupancy while planning a future project. Ideally situated near the Biltmore Hotel, Grand Central, and major corridors. Oversized lots of this scale are becoming increasingly scarce in central Miami. Whether renovating, redeveloping, or a combination of location, land value, and future upside in a high-demand market.
