ABOUT THIS PROPERTY

Introducing a striking contemporary residence where minimalist design meets warm, organic finishes. This newly built home features a modern floor plan. Every room has been designed to feel bright, airy, and serene, offering a true sanctuary just moments from the city. The home includes polished large-format porcelain flooring, and seamless indoor-outdoor flow. The custom chef's kitchen integrates sleek finishes and modern appliances. The master suite anchors the home with dramatic architectural elements — including a statement concrete feature wall, a floating vanity, and a walk-in closet. The primary bathroom is wrapped in book-matched marble-style slabs, featuring a walk-through double rainfall shower with a large window. Additional bedrooms offer generous scale, clean lines, and the flexibility for guest suites, office use, or family rooms. The minimalist palette elevates the architecture in the coveted Roads area.
