Year Built: 1977					
Community: Redlands			Subdivision: Redlands		
Elementary School: Redland			Junior High: Redland		
High School: South Dade					

ABOUT THIS PROPERTY

Rare 1980 architectural masterpiece by renowned architect John Weller, whose organic design philosophy created a home with over 100 impact windows and sliders that frame serene views and dissolve boundaries between indoors and out. Your materials flow throughout, including dark wood and stone tile in each living space, Honduran mahogany cabinetry arising through the loft. The interior and exterior blend seamlessly with two connecting terraces on each level spanning an elevated BBQ area, and meandering rock pathways through lush landscaping of mature oaks, palms, bamboo and figs in a mixed-use residential/agricultural zoning. The home is move-in ready, well maintained and the grounds have been meticulously maintained. A true work of art where Weller's integration of natural elements creates a tropical South Florida sanctuary.
