ABOUT THIS PROPERTY

The Miami Stone House offers a rare opportunity to own a piece of Miami's history. Built in 1924, this Mediterranean formative era. As Miami celebrates its centennial in 2026, this property represents an irreplaceable piece of architectural stained leaded glass interior glazing, marble floors, and a working fireplace. Meticulously renovated in 2004, the thoughtful renovation now invites a new steward to refresh and reimagine the spaces. The walled garden compound spaces, mature tropical fruit trees and the original stone entrance still standing sentinel. The 624-square-foot poolside one of Miami's most walkable neighborhoods, features tree-lined streets, parks, Michelin-recognized dining, and show away—ideal for urban professionals seeking historic character with modern convenience.
