ABOUT THIS PROPERTY

Tucked away on nearly an acre in the heart of The Redlands, this 4 bed 2 bath pool home is the kind of private estate. Estates zoned lot, no HOA, well and septic so no water bill. True split floor plan keeps the primary suite privately away from the rest of the house. Master suite has walk-in closets, built in sound system, pantry, crown molding throughout. The home flows from the front gallery straight out to a covered terrace built for long weekends and big gatherings. Beyond the pool sits something almost no home in Miami has: tropical fruit trees. Bananas, lychee, longan, mamey, soursop, jackfruit and dragon fruit, all curated tree by tree. Fully fenced and private. People picture it, space, privacy, fruit on the trees, and a pool waiting at the end of the day.
